

KRNY and Waitt Radio in Kearney, NE spends a significant amount of time serving the public interest. From simply running local and national oriented PSA's from our daily community calender and public issues programs to our award winning local news and sportscasts. In addition over the past year we have helped raised over \$100,000 for local charities including over \$40,000 for St. Jude childrens research hospital during our annual radio-a-thon. Other charities we have been very active include The United Way, The Make a Wish foundation, and the Salvation Army.
